

**UNITED STATES DISTRICT COURT FOR THE
EASTERN DISTRICT OF VIRGINIA
Newport News Division**

UNITED STATES OF AMERICA

v.

Criminal No. 4:08cr16

DAVID ANTHONY RUNYON

**SUPPLEMENTAL MOTION FOR PSYCHIATRIST AND TO CHANGE
THE DESIGNATION OF THE NEUROPSYCHOLOGIST EXPERT
PREVIOUSLY APPROVED BY THE COURT**

Comes now the defendant, David Anthony Runyon, by counsel, and hereby moves this Honorable Court for the appointment of a psychiatrist to assist the defendant in gathering information in the mitigation aspects of his case, and to change the neuropsychologist expert previously designated by this Honorable Court to a neuropsychologist known to the psychiatrist who is currently being requested, and in support of these requests, defendant provides the following:

1. PSYCHIATRIST

Through the mitigation investigation performed to date, defendant's counsel and the mitigation expert have learned that there are various medical issues involved in the defendant's past that require review by a psychiatrist to determine their effect on his psychiatric health at this time. Unfortunately, these issues have still not been able to be investigated because of the difficulty with getting medical records from the period when defendant was in the military and from when defendant was a military dependent. We still believe these records exist and our efforts to obtain them are the subject of a different motion that will be coming to the Court in the

near future for subpoenas. Because of the nearness of the trial date, it is necessary to go ahead and have the defendant evaluated by the psychiatrist and the neuropsychologist even though they will not have the benefit of all of the medical records when they do the evaluation. The medical and psychiatric issues that have been identified during the investigation will be bear on mitigation in this matter. Counsel has been in contact with James R. Merikangas, MD, regarding his employment as a psychiatric expert on defendant Runyon's behalf. Dr. Merikangas has agreed to participate in this matter. It is estimated that his services will likely take approximately 20 hours at a rate of \$500 per hour for a total expenditure of \$10,000.00 plus travel and other reimbursable expenses. Dr. Merikangas' fee schedule and Curriculum Vitae are attached hereto as "Exhibit A."

If and when the Court approves the appointment of Dr. Merikangas, defendant Runyon will supplement his notice pursuant to Rule 12.2.

**2. CHANGE OF NEUROPSYCHOLOGIST EXPERT TO
ALLAN F. MIRSKY, PH.D.**

Counsel has previously requested the appointment of Scott Bender, Ph.D. to perform neuropsychological testing on defendant Runyon. Dr. Bender's services have not been accessed to the point since we have not been able to acquire the medical records that would make his testing more complete. Since we are requesting the services of psychiatrist, James R. Merikangas, M.D., we asked him if there was someone he would be comfortable working with and he suggested Allan F. Mirsky, Ph.D. Since part of Dr. Merikangas' evaluation will be based upon the testing performed by the neuropsychologist, we are requesting that the neuropsychologist appointed be Allan F. Mirsky, Ph.D. since he is someone with whom Dr. Merikangas is familiar and comfortable.

If the Court approves this change, defendant Runyon will supplement his notice pursuant to Rule 12.2.

Dr. Mirsky's Curriculum Vitae and fee schedule are attached hereto as "Exhibit B". His estimate of the amount of time his services will likely take is 21 hours at a rate of \$375 per hour for a total estimated expenditure of \$7,875.00 plus travel and other reimbursable expenses.

WHEREFORE, David Runyon requests this Court:

A. To find the appointment and approval of the services of James R. Merikangas, M.D., a psychiatrist, and the approval of a change from Scott Bender, Ph.D., to Allan F. Mirsky, Ph.D., for the neuropsychological services as reasonably necessary for the representation of the defendant in connection with issues relating to sentencing; and

B. To enter an order approving the appointment of James R. Merikangas, M.D., and authorize and approve the sum of \$10,000.00 plus travel and other reimbursable expenses for Dr. Merikangas' services herein and approve and authorize the appointment of Allan F. Mirsky, Ph.D., in place and stead of Scott Bender, Ph.D., and authorize the sum of \$7,875.00 plus travel and other reimbursable expenses for Dr. Mirsky's services herein.

Respectfully Submitted,

DAVID ANTHONY RUNYON
